NORTH ATLANTA EAR, NOSE, AND THROAT ASSOCIATES
NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW INFORMATION ABOUT YOU IS USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW CAREFULLY.

Introduction
At North Atlanta Ear, Nose, and Throat Associates (NAENTA), we are committed to treating and using protected health information about you responsibly. This Notice of Health Information Practices describes the personal information we collect from you, and how and when we use or disclose that information. It also describes your rights as they relate to your protected health information. This notice is effective as of 4/13/2003 and applies to all protected health information as defined by federal regulations.

Understanding Your Health Record/Information
Each time you visit NAENTA, a record of your visit is made. Typically, this record contains your symptoms, diagnoses, treatment, and plan for future care. This information is often referred to as a:

- Basis for planning your care and treatment
- Means of communication among the many health care professionals who contribute to your care
- Legal document describing the care you received
- Means by which you or a third-party payer can verify that services billed were actually provided
- A tool with which we can access and continually work to improve the care we render and the outcome we achieve

Understanding what is in your record and how your health information is used helps you to better understand who, what, when, where, and why others may access your health information.

Your Health Information Rights
Although your health record is the physical properly of NAENTA, the information it contains belongs to you. You have the right to:

- Obtain a paper copy of this notice of information practices upon request
- Request a copy of your health record (fees may apply)
- Request amendment to your health record
- Obtain an accounting of disclosures of your health information
- Request communications of your health information by alternative means or alternative locations
- Request a restriction of certain uses and disclosure of your information
- Revoke your authorization to use or disclose health information except to the extent that action has already been taken

Our Responsibilities
North Atlanta Ear, Nose, and Throat Associates is required to:

- Maintain the privacy of your health information
- Provide you with this notice as to your legal duties and privacy practices with respect to information we collect and maintain about you
- Abide by the terms of this notice
- Notify you if we were unable to agree to a requested restriction
- Accommodate reasonable requests where you may have to communicate information by alternative means or at alternative locations

We reserve the right to change our practices and to make the new provision effective for all protected health information we maintain or disclose. Should our information practices change, we will post a copy of the revised notice in our office and mail a revised notice to the address you have given us.

FINANCIAL AGREEMENT

We are committed to providing you with the best possible care and are pleased to discuss our professional fee with you at any time. Your clear understanding of our Financial Policy is important to our professional relationship. Please ask if you have any questions about our fees, financial policy, or your financial responsibility. **PATIENTS MUST FILL OUT PATIENT INFORMATION FORMS PRIOR TO SEEING THE DOCTOR. WE WILL REQUEST TO PHOTOCOPY YOUR INSURANCE CARD(S) AND GOVERNMENT ISSUED ID / DRIVER'S LICENSE FOR YOUR FILE.**

APPOINTMENTS: 24 hours' notice must be provided in the event you cannot keep an appointment. If this notice is not provided, a cancellation fee of $25 may be added to your account.

CO-PAYMENTS: By law, we MUST collect your carrier designated co-pay. This payment is expected at the time of service. Please be prepared to pay the co-pay at each visit. Should you not pay at the time of service and we subsequently send you a statement, an administrative fee of $20 may be added to your account. Some insurance companies require co-payments for post-operative visits.

REFERRALS: If your plan requires a referral from your primary care physician, it is YOUR responsibility to obtain it prior to your appointment and have it with you at the time of your visit or have your referring provider fax it over to our office prior to your appointment. If you do not have your referral, you will be requested to sign a financial waiver. It is then your responsibility to provide us with the referral within 48 hours or you will be personally responsible for that day's service.

DEDUCTIBLE: A deductible is a portion of the bill that is the responsibility of the patient to pay before an insurance company will cover the service. An office visit with our physicians will include a face-to-face encounter and evaluation. Generally, a co-payment is required for the visit. In addition, some services and ALL procedures performed in the office require the patient to meet their deductible before insurance pays benefits. If you have not met your deductible, you will be responsible for the full or partial payment, depending on your insurance contract. Procedures performed in the office are considered the same as surgery to the insurance company and are billed as surgery.

SURGERY: A 5-day notice is required to cancel a surgical procedure (both in office and NAENTA Surgery Center). Failure to give proper notice will result in a $500 cancelation fee. Cancelations for procedures booked at outside hospitals, such as Northside, are subject to that location's cancelation fees.

You are responsible for timely payment on your account. Should it become necessary for us to use an outside agency to collect payment, you will be responsible for any additional charges we incur as a result. WE ACCEPT CASH, CHECKS, MASTERCARD, VISA, AND AMERICAN EXPRESS.

By signing below, I acknowledge and understand the information stated above. I authorize my insurance benefits to be paid directly to the physician, and I am financially responsible for all charges. I hereby consent to the release and re-disclosure of my medical record to enable or facilitate the collection, verification, or settlement of my account for any amounts due from me or any third-party payor, health maintenance organization, insurer, or other health benefit plan.

PATIENT NOTIFICATION FOR PAYER PAYMENT POLICIES FOR CERTAIN IN-OFFICE PROCEDURES

Patient Name: _____ Date of Birth: _____

Please be aware that certain procedures performed in our office are not included in the standard office visits. These procedures will be billed separately in addition to our office visit charges. We have become aware that some insurance carriers are classifying these procedures as "surgery" and applying the charges to a higher deductible amount. This may result in insurance payment for an office visit, but not the procedure. In such cases, payment for the procedure will be due from the patient. Be assured that we are following accepted billing and coding guidelines and that all procedures are performed in the best interest of patient care.

Examples of in-office procedures:

- Flexible Laryngoscopy - This procedure involves passing a long, thin, flexible fiber optic scope through the nasal cavity and into the throat. The fiber optic scope enables the physician to visualize areas of the throat not readily seen using the laryngeal mirrors.
- Nasal Endoscopy - This procedure uses either the flexible or rigid scope attached to a light source to view areas of the nasal cavities that cannot be viewed by the physician using the standard nasal speculum and head mirror.
- Nasal Endoscopy with Debridement or Biopsy - This is the same procedure as above, but with removal of crusting or tissue. This procedure is always performed on three different visits after any sinus surgery and is not included in the global package.
- Audiology Hearing Services
- Balloon Sinuplasty
- Biopsies
- Impacted Cerumen Removal

If you have any questions or concerns, please ask to speak with a member of our billing department.

NASAL ENDOSCOPY CONSENT FORM

Nasal Endoscopy

How do we look into your nose / sinuses? When you come to North Atlanta Ear, Nose, and Throat with a nasal or sinus related problem, the physicians may want to perform a nasal endoscopy. This is a surgical procedure using a small camera to look through the nostrils. This may allow your physician to:

- Obtain drainage for a culture
- Evaluate previous surgery, scaring, openings, masses, polyps, or causes of blockage
- Evaluate healing or complications of surgery
- Obtain specimens / biopsy for pathology evaluation
- Remove old blood, foreign material, packing, scabs, scars, or blockage

The nurse or medical assistant will have you sign this permission form first and then offer to spray your nose to make the procedure easier. The spray is a combination of Afrin (to shrink to tissue) and Lidocaine (for numbing). This spray does taste bad and can cause teeth/throat numbness that will wear off after about 45 minutes. Due to the numbing, some patients may also feel like they cannot swallow - do NOT panic - this will pass.

Some patients may experience significant discomfort/pressure during the procedure. The physician will stop the procedure at any time if the patient is unable to tolerate it. Less than 5% of patients faint or feel queasy. This is called a vasovagal reflex. If this occurs, the patient will be laid back in the chair and allowed to relax until they start to feel better.

PATIENT CONSENT

The procedure and description of this procedure, the more common risks associated with it, and the potential complications have been described to me. This includes:

- A small amount of pain/pressure
- A mild amount of bleeding
- A reaction to the nasal spray

I have had the opportunity to ask questions. I am satisfied with my understanding and the responses that I have received. I hereby authorize North Atlanta Ear, Nose, and Throat Associates personnel to perform a nasal endoscopy. I hereby authorize the physician or his/her associates to provide such additional services as he or she may consider to be medically advisable, including but not limited to suctioning, culturing the drainage, and biopsies.
